

KUOPIO WATER CLUSTER

We develop solutions in close collaboration with your company

BECOME A MEMBER OF KUOPIO WATER CLUSTER

Kuopio Water Cluster contributes to the development of new technologies, products and services to meet current challenges in the water sector

PRODUCT DEVELOPMENT SERVICES

Processes: Innovative solutions for water & wastewater treatment and resources recovery

Environment: Water resources protection, agriculture and industrial water management

Smart Solutions: Intelligent water management and digitalisation

Members can join Kuopio Water Cluster by signing this form. With the membership, the company _____ and Kuopio Water Cluster commit to develop long-term R&D co-operation to address water challenges even after the project is completed. Through membership, Kuopio Water Cluster (KWC) offers its members the following benefits:

- Preferential pricing for R&D services: laboratory testing and piloting services, laboratory space and analytical services
- Visibility on the KWC website and access to your own member profile pages
- Invitation and free admission to Kuopio Water Cluster events. Events include: seminars, trainings and networking events
- Receive free publicity during events organized by the Kuopio Water Cluster (e.g. showroom, poster or presentation)
- Matching funding opportunities and coordination preparations for national and international funding programs
- Access to Kuopio Water Cluster members' newsletter
- Access to first-hand information on trends in the water sector and recommendations for contacts with relevant actors
- Networking opportunity and access to cooperation platform
- One-door access to a network of specialised laboratories and research partners within KWC networks
- Easy access to prospective talented employees: students, interns and young professionals within KWC networks

During the Kuopio Water Cluster project (1.4.2019 - 31.3.2022) the above services are free of charge for all members. Possible financial commitments after the end of the project will be agreed separately depending on selected membership tier. Membership automatically converts to free tier at the end of project.
